To whom so ever it may concern

Congratulations on the completion of yet another year of the International Student Leadership Conference, 2010.

The students of Pathways World School have come back satisfied and appear to have had a more rounded experience this year. I am especially impressed by the changes and improvement brought about in the conference this year specially the outlay of the conference which was the carefully put together program itinerary and leadership modules/capsules.

It is always encouraging to see well meaning suggestions of participating schools and teacher coordinators taken into account, while planning, and the prompt implementation of them into the current year's schedule.

I wish to also comment on the communication which was always so prompt and effective.

I wish you and the team all the very best and look forward to sending student delegates to future ISLC programs in the years ahead..

Neena Virmani
College Advisor & Head Student Development Program
