

The Ridings High School

International School Status

To whom it may concern

Joel Nainie - King George V School in Hong Kong

In October 2008 we had the honour of hosting an International Student Leadership Conference devised and organized by Joel Nainie. The conference was created to develop global youth leadership and an understanding of the key skills that go into management techniques in the workplace. Students spent the week exploring different theories of leadership. They applied their knowledge by acting as a representative for the a specific sector of public life or industry, and created presentations to show how these groups would work to solve a global problem: environmental change.

Joel was highly motivated, extremely organized and efficient. His conference ran smoothly and the content totally engaged the gifted and talented students. The students learned wonderful leadership skills and had a unique opportunity to collaborate with the Hong Kong School.

Joel was a wonderful man to work with and I would not hesitate in recommending him to organise another conference. I would definitely collaborate with him again.

I wish him every success for the future.

Yours faithfully,

Dr R Gibson
